

PRODUCTION POSSIBILITIES

- › COMMISSION PROCESSING
- › DRILLING AND DEEP HOLE DRILLING
- › FLAME-CUTTING
- › CNC TURNING / CNC MILLING
- › CONVENTIONAL TURNING
- › SOLDERING
- › MIG / MAG WELDING
- › FRICTION WELDING UP TO Ø 177,8 MM
- › LEVELLING
- › SAWING UP TO Ø 380 MM
- › HELIX / SEGMENTS
- › ROLLING
- › 4-KT., 6-KT. OR 8-KT. POUNDING
- › FORGING

DRILLING SYSTEMS
AND ACCESSORIES

OUR COMPANY

YOUR MANUFACTURER
AND SUPPLIER OF
DRILLING TOOLS AND
DRILLING SYSTEMS
FOR FOUNDATION
ENGINEERING AND
DRILLING OPERATIONS.

Zipp Industries GmbH offers you the advantages of a company combining three different service areas under one roof. We provide everything from development via manufacturing to global distribution, which enables us to flexibly respond to your needs. Furthermore, our products and services, which we continue to develop further on an ongoing basis and applying state-of-the art technologies, guarantee a high level of quality and safety. We are particularly proud to point out that our many years of cooperation with our customers have enabled us to file numerous patent applications which we also incorporated into our products.

PRODUCT RANGE
& SERVICES

DRILLING SYSTEMS

- > percussion and rotary drilling
- > well drilling
- > drilling for ground freezing
- > geothermal drilling
- > auger drilling
- > DSV (HDI) drilling systems
- > WSM soil mixing

SPECIAL TOOLS

- > drilling buckets
- > roller bits
- > down-the-hole hammers and down-the-hole hammer bits
- > eccentric drill bits

ACCESSORIES

- > concreting pipes
- > waste water pumps
- > rod wrenches
- > wear parts

SERVICE

- > own transportation for pickup and delivery within 24 hours
- > maintenance
- > customs formalities
- > repairs
